Good Evening Emma,

Retrolock is closed. If you need our assistance, then a lawsuit should not have been filed. We have no resources, no funds, and will not be responding. You have advised all clients that you are inaccurately the "Power of Attorney" even though your attorney has not been able to provide proof of this and that you are handling all AR.

Warm Regards,

Tania Tomya, CEO

Aaron

There is nothing to collect on Rynoclad – they already paid you, they just require a signature on a lien release because you filed a prelim lien

I don't need it – Rynoclad needs it – I am merely passing the info on to you.

Kind Regards
Emma
